VOLUME 8

Claresholm Alta., May, 30th 1912.

NO. 14

## Malcolm McKenzie Wins By 21 Majority

## Government Wins Out In All Five Constituencies

### The Hardest Fight Held In This Riding.

The hardest fought political campaign ever held in this constituency closed Monday night. The candidates both put forth every energy and effort of which they were capable, to win. The close run made by Dr. McMillan of Grum, indicates that his friends were many. The election day passed off in orderly manner at all the polls, there being no rough work among scrutineers or voters. The automobiles belonging to both parties were kept busy bringing in voters who had been waiting in line to cast their vote. We give below the majority vote. We give below the majority vote. We give below the majority vote.

Another candidate to lose his deposit is Joseph Knight, the Edmonton socialist, who has 3,000 votes. The Government will also lose its deposit in the riding of St. John's. The Government will also lose its deposit in the riding of St. John's. The Government will also lose its deposit in the riding of St. John's.

## Claresholm and District News

Dr. Leam was a Barons visitor last week.  
Dr. Riggs was a Calgary visitor last week.  
Chas. Barnum was a Lethbridge visitor Tuesday.  
Miss Hoad Strong made a flying trip to Calgary Monday.  
Mr. and Mrs. Chas. Egnor are in from the homestead rearing friends here this week.  
Rim Hardwick of the "H" ranch made a trip to Bassano this week and will probably be gone for some time.  
The rains last week prevented the fair from playing according to schedule but will be resumed again.  
Herb Wannamaker is here from his homestead and has taken the contract of building the boilers at the powerhouse.  
The Rev. Mr. Harrison departed for Edmonton on Monday evening to attend the Methodist Convention being held there.  
Miss Mable Mouton who has for some time been on the telephone staff at Barons has been transferred to the office here.  
The Jensen-Lefebvre fight picture did not draw a very big house Monday night. The political fight was the biggest drawing card.  
Mr. H. Stewart, formerly despatching draught at the Claresholm Pharmacy but now a happy rancher in Happy Valley, was among the friends here over the week end.  
Owing to the flying of the Stars and Stripes in Calgary on Friday last there is every reason to believe that the magistrates will forbid the flying of alien flags in the future. The party guilty of the offence was fined for the act.

Mr. W. G. N. Johnston made a business trip to Calgary last week returning Monday.  
T. L. Bernard left for Edmonton on Wednesday morning's train and will be absent all week.  
Cutworms are bothering the garden a good deal the past few weeks, some which has also been destroyed.  
Jas. McIntyre, Ed. Benn, Harry Tison and Ernie Moffatt took in the games and sports at Carmanag last Friday.  
Mr. A. E. Thompson won the prize in the New Calgary subscription campaign. Last year he won one of the prizes.  
Mr. Thomas Duncan, formerly a minister of this town is now a resident of this town. He is now a resident of this town.

Mr. Fisher shipped a carload of potatoes to Calgary this week. Last year potatoes were pretty well shipped all around here now.  
Large improvements have been added to the freight station here. The office room has been fitted up inside in a manner worthy of the town.  
Several of our townsmen spent the night in Calgary last Friday and a pleasant time was had by all. Among those who were there were Messrs. Reynolds, E. Jones, Jack Gray and Chester Stirling.  
The "Squaw Man" will be presented at the Opera House Monday evening at 8 o'clock. The New York Theatre, Mrs. Charles Bennett Co. The company only recently played in the city of Boise Idaho and the critic of the Statesman gave nothing but words of praise.

Election day passed off very quiet. Beyond the poles closed and then the committee rooms of both parties put on the appearance of being stirred up a bit. Several hot arguments and some strong words were exchanged by those most enthusiastic but none prevailed throughout it all.  
Mr. J. R. Watt received the silver cup this week, which was won by his thoroughbred mare, Elmer Holmes, at the Macleod Horse Show. The last holder of the cup was John and Frankie of Macleod. It is given by the Union Bank for the best thoroughbred and is to be won annually.

Mr. J. R. Watt received the silver cup this week, which was won by his thoroughbred mare, Elmer Holmes, at the Macleod Horse Show. The last holder of the cup was John and Frankie of Macleod. It is given by the Union Bank for the best thoroughbred and is to be won annually.

## U. F. A. Convention.

A convention of the U. F. A. for the Claresholm district will be held in Claresholm on Wednesday, June 5th. The secretary of the Provincial U. F. A., E. J. Froom and W. J. Treagles the president will be present and address the session.  
Every farmer should plan to spend the entire day at Claresholm. The meetings will be held in the Odd-fellows Hall at 10 a.m. 2 p.m. and 7:30 p.m. and are open to all.

## Claresholm Creamery

### Now Open For Business

### Bring In Your Cream.

As we go to press we hear that everything is in readiness to open the creamery. The services of Mr. B. Lundh, of St. Paul, have been secured, and he arrived on the ground this morning. Mr. Lundh is an efficient buttermaker, having spent several years at his chosen trade in Denmark; later holding a position for several years in large creameries in Wisconsin. He comes well recommended and is now waiting for the farmers to bring in their cream.

This news has been long looked for, and every farmer should make immediate preparations to keep the creamery well supplied with cream. The first churning will be turned out on Saturday or Monday next, depending upon how well the cream is supplied. The creamery is supplied with the most up-to-date machinery procurable, and under the management of Mr. Lundh, will no doubt be a success.

The farmer will derive a good income from this industry, and we feel sure it will be well patronized.  
Mr. Farmer! Bring in your cream.

## What Happened? Session of K. P. on Three Weeks.

The greatest highlight of the season was played Tuesday night when the Reynolds team were put down and out by the magnificent riding of Eric Moffatt. The first lining the Reynolds lads went to ball and cleared up a score of four. Eric must have had a cold in his lining if one were to judge by his actions, but from then on he settled down to bat and got out one over him. It was simply three up and three down. M. Lefebvre knocked out the first home run of the season in the first lining for the Reynolds team and this is possibly the reason why Eric did not only settle picking from then on. The other side simply had things their own way from start to finish, making six in the first lining and so many as they wanted to in each one after that. The game stood at the close, 25-1 in favor of Eric's team. Yip, it was some game.

The base ball game on Wednesday played between the school team and Eric Moffatt's team resulted in a win for the school by a score of 11-2. In the early part of the game the school ran away with a score of 13 to their opponents 2 but in the latter part of the game the Moffatt team straightened into the harness and gradually crept up the hill. The school team have won all games played by them this season except one.

## The Boys At Cayley

The boys had a big time at Cayley on the 24th. The football team left here on the morning train and put in the day there. A large program of sports were put on for the entertainment of the large crowd of visitors. Football, horse races, hot races, high and low jumping and all of the different kinds of sports were indulged in. The game of foot ball resulted in a win for Cayley and a shut out for Claresholm and the Cayleyites are a happy family. The fight was a hard one as the score 25-1 indicates.  
A large crowd from the town and second hand men in the various sports. Fred Watkins entered into everything which called for energy, skill and endurance and was lucky enough to come out last in everything but the 100 yard dash. In this event the man who should have been best, followed down and Fred with a mighty shout, "There it is, there it is, coming home in 10th place."  
The boys all came home safely and said Cayley was the place to have a good time.

## Looking Forward

The flower show, held annually here, has always been of great interest to flower lovers and has always received liberal support. The one to be held here this year should be even better than any held here previously although the others have been above par. This year we are accompanied by a man preparing at once with a view of increasing the exhibits and plantings for a bigger and better display. There are various prizes of value offered each year and are always working for a better display from the pleasure derived from show of this kind. Let us then, flower show put on, coming home in 10th place.  
The boys all came home safely and said Cayley was the place to have a good time.

Week of the "Titanic" largest book (Illustrated) most attractive book ever offered public for 30.00. Agents wanted for the time all the polls have reported as Stewart is very strong in the outlying portions of the constituency.

The Carlton majority will also be increased. With three country polls to be held from Martin Wolf has a majority of 160 over John Parich. The Conservative candidate, this time the third defeat for both A. F. Ewing in Edmonton and John Parich in Claresholm and Mrs. Ewing on May night asked that she be permitted to retire from the news.

Another candidate to lose his deposit is Joseph Knight, the Edmonton socialist, who has 3,000 votes. The Government will also lose its deposit in the riding of St. John's. The Government will also lose its deposit in the riding of St. John's.

## NERVES AT HIGH TENSION

Necessary in This Age of Keen Competition and Great Accomplishment

When the Body Fails to Support the Brain Seek the Help of

## DR. CHASE'S NERVE FOOD

Nervous people are the salt of the earth. The great men and great women are usually those of nervous temperament.

But it takes an enormous quantity of great brain of a highly tensioned nervous system.

Digestion fails because nerve force is lacking to control the flow of digestive fluids. A little extra excitement is followed by the agony of a sleepless night. You are easily irritated and lose patience, you lack the reserve force which is necessary for success and to ward off disease.

Unfortunately nervous diseases do not right themselves and since your digestive system fails to supply sufficient nourishment you must seek external assistance such as Dr. Chase's Nerve Food.

This great food cure is not a narcotic to deaden the nerves, it is not a stimulant to whip up the nerves to renewed effort.

Dr. Chase's Nerve Food builds the feeble wasted nerves back to health and vigor. It flushes the nervous system with new rich blood, the only substance from which nerve force can be made.

It is sold in all drug stores, or for \$2.50 at all dealers, or Edmondson, Estes & Co., Limited, Toronto.

### Severely Logical

It was a Welsh minister who described the devil in the little congregation in a remote Welsh village. Said the minister:

"The devil is bound round the middle with chains, and he is the arms with chains and round the legs with chains."

Pointing to a man in the front row, "he can reach you," said he, "David Evans," pointing to a man in the front row, "he can reach you," said he, "David Evans," pointing to a man in the front row, "he can reach you," said he, "David Evans,"

pointing to a man in the front row, "he can reach you," said he, "David Evans," pointing to a man in the front row, "he can reach you," said he, "David Evans,"

pointing to a man in the front row, "he can reach you," said he, "David Evans," pointing to a man in the front row, "he can reach you," said he, "David Evans,"

pointing to a man in the front row, "he can reach you," said he, "David Evans," pointing to a man in the front row, "he can reach you," said he, "David Evans,"

## ABOUT PAPER MONEY

Machinery That Grinds Paper Dry and Turns Store it in Bars

As the greatest difficulty which most people meet with in regard to bank notes is that of being able to keep them, it will probably come as a surprise to many to learn that there are yet others for whom the difficulty exists in destroying such paper as is illustrated in a very interesting article upon paper destruction by the Canadian Imperial Bank.

The methods previously available were, the burning, boiling and melting. In the first process it has been found that when a special formula is used it has not infrequently happened that while the contents of the notes were destroyed some of the contents were not extinguished. In the case of melting, the paper was not even injured, for the packets had to be melted in water.

In the second process the paper for destruction is placed in iron boilers, fire is added and the contents subjected to the prolonged action of steam. As a destructive process for small quantities this is quite efficient, as is that of pulping, a process in which the paper is cut up by revolving blades in water.

In both these cases there is, however, associated with the process the loss of the product. It cannot be burned, melted or pulped, and on hand the sudden, stately, machine quickly does it.

The General Imperial printers therefore decided to try a new way—namely, the use of a special machine. It was a simple machine, but it was installed a four horse-power machine, and it was found that it was a most perfect machine, in which the paper was cut up by revolving blades in water.

The Imperial printers, therefore, are now to be congratulated upon possessing a machine perfect in the kind it makes the paper, prints it up to its mark, and then it is ready to be used.

Finally, though paper in this form is not so much in demand as it once was, it is still a most perfect machine, in which the paper is cut up by revolving blades in water.

As the work of pulping was, in this case, only a preliminary step, it was found that it was a most perfect machine, in which the paper is cut up by revolving blades in water.

The Imperial printers, therefore, are now to be congratulated upon possessing a machine perfect in the kind it makes the paper, prints it up to its mark, and then it is ready to be used.

### Not Impressed

A certain gentleman who had acquired riches rather quickly, purchased an estate on the banks of the river Clyde which adjoins those of Lord Blyth and Sir Charles Inglis.

Strolling through the place one day, he chanced to go to a place and was accosted by a burly stout man.

"Have you a spare cigar about you, sir?"

"Certainly! But I thought you were a friend of David Harum."

"Well," said the other, "I have just asked him the other day."

"I don't care if you are the Pallas of Athens," said the other, "I've got to go to this."—London Opinion.

### David Harum's Rival

There is a shrewd old farmer in Chesapeake county, New York, whose farm for driving a close horse trade rivals that of David Harum.

"What did you for that old boy?" a friend asked him the other day.

"Well," said the old farmer, "after rummaging for a moment, I didn't find what I wanted."

"So I am, but not so abruptly. I've already quit smoking my own cigars."—Boston Transcript.

"Have you a spare cigar about you, sir?"

"Certainly! But I thought you were a friend of David Harum."

"Well," said the other, "I have just asked him the other day."

"I don't care if you are the Pallas of Athens," said the other, "I've got to go to this."—London Opinion.

## Granite Harvester Oil

Specially Prepared for use on reapers, binders and threshers

A short cut oil possessing great durability. Admirably adapted for use on all farm machinery. Reduces friction and wear to the minimum and is not affected by moisture or change of climate.

Capital Cylinder Oil. The very best oil for steam plants on the farm. Lasts longer and gives more power for the engine, with less wear, than any cheap substitutes. Costs less in the end.

Atlantic Red Engine Oil. A medium lubricant oil, strongly recommended for slow and medium speed engines and machinery. Eases the bearings and lightens the load.

Standard Gas Engine Oil gives the best lubrication possible, allows in low temperature, and saves engine. Keeps its body at high temperatures. Equally good for all internal bearings.

Silver Star Engine Kerosene Oil Engine Gasoline

Ask your dealer, or write to any Agency.

There was one man who had a great stock of philosophy in his mind. He became so engrossed in his idea that he allowed his mind to flourish untrained, were out-of-date clothing and generally went around in a shabby manner.

"Humph," said those who heard him, "he is only a fool." He doesn't mean what he says.

"He is only a fool," said those who heard him, "he is only a fool." He doesn't mean what he says.

#### SHOULD A BAND STAND?

There has been nothing said regarding the building of a band stand for some time. Why not start something moving along this line. The land has been holding practice twice a week for the past two months and there is no reason why it a place were provided that the citizens should not have the benefit of work. Last year there was nothing done about this question, the boys having to play on the street corners. Other towns have a stand in which the band can hold concerts and why shouldn't we? Let's do something.

#### Chiefly Claresholm

Frank Nuttal of Moosejaw is here this week visiting his brother in law Mr. D. Munro.

Mrs. Chas. Roupin, left on Monday night for a visit to her parents at Valieres, Mont.

Mr. and Mrs. T. Dixon, Mrs. and Miss Bejles and Miss Dixon of Macleod moved up to Claresholm on the twenty-fourth.

Mrs. Marie Inkster of Barons was a Claresholm visitor over the week end. She has accepted a position on the Barons telephone staff.

Mr. O. L. Reinecke accompanied his wife as far as Calgary last week on her trip to the east where she intends visiting her old home.

Mr. Francis Downs of Flagstone, B. C. who is largely interested in lands around this district is overawing crop conditions here the past week.

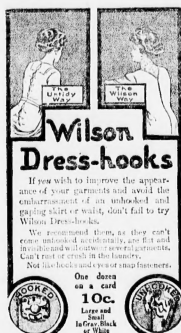

Mr. Arthur Parry who has held the position of Supt. of the Vancouver Elevator Co. at this point has resigned the position and will return to the city of Vancouver on Tuesday morning of next week. His brother L. A. Parry will succeed him as Supt. here.

An illustrated lecture on "Newway" will be given in the Presbyterian Church on Tuesday, June 4th at 8:30 sharp by the Young Peoples Society and a treat is in store for all. There will be no admission charged and no collection taken. Everyone is invited to attend.

The writer made a trip to Barons last week in an automobile. The rear wheel came off and things went lively for a time. The evening the same buzz wagon bailed in Graman and on examination it was found to have taken on a cargo of water. Who ever supposed a car would run with the tank full of water? Anyhow it should know better than to drink water when the Herald of Calgary stated that all the liberal autos were loaded to the gun wales with booze.

The stock of jewelry and cut glass held over from the Farrer estate is to be moved to the store room formerly used by the late T. M. Haig on third avenue next Fishers store. The goods will be put up at auction and private sale at prices which will dispose of them in two weeks. This will enable all those who wish to purchase anything in this line to get it at rock bottom prices. Bills will be out shortly announcing the day of opening and it is understood that Pat Murphy will do the crying. Keep your eye out for the bill for this sale.

Monday, the anniversary of the Kings birthday, being a legal holiday will be observed here, and the schools will all be closed. A petition was circulated on Thursday to that effect and signed by all the business men. Every body join in and work for a day of sports. Let the sports committee of the different clubs hold a joint meeting and see what the day will bring forth. Claresholm has not had a day of sports for so long a time that some of the citizens think we have forgotten how it should be done. It is time to dislodge them on this subject. Start something. At once.

### Wilson Dress-hooks

If you wish to improve the appearance of your garments and avoid the embarrassment of an unhooked and gaping skirt or waist, don't fail to try Wilson Dress-hooks.

We guarantee them as they can't come unhooked accidentally, are fast and durable and will never wear out. Can't rust or stretch in the laundries. Not in least one your strap fasteners.

We carry Up-To-Date Goods. No trouble to show goods here. A fresh supply of Groceries. Phone Us Your Order.

**M. FISHER, - 3rd Ave.**

### THE OLD RELIABLE AND UP-TO-DATE CLOTHING STORE Offers Some GREAT BARGAINS for 10 DAYS

One Dollar, one dollar only, buys a first Class Hat worth \$2. and \$2.50 any where else. They are all on display in our South Window.

#### Fit, Reform Clothing

Tailor Made Suits at \$16.50, 18.00, 20.00, 22.00 and 25.00. GEO. A. SLATERS'S SHOES for Spring, in Tan Oxfords and Button; Black Oxford and Black Button Shoes.

STETSON HATS, direct from the factory

**Carl J. Braren.**

### Be Careful In building that Home.

**POOR LUMBER** gives a house a cheap shabby look which makes it difficult to rent. If it is to live in, you want to be proud to show it to your friends, and the fuel bills are large where low grade lumber is used. We make a specialty of high grade and "classy" material that you will want to use. We have built up the largest retail business in Western Canada by being very fussy as to grades and selling better stuff than is sold elsewhere at prices as low as those asked for the inferior kinds. If your contractor uses **CROWN LUMBER** it means that he is a man who wants the best of everything and it is the best recommendation he could have! **CROWN LUMBER Co. Limited.**

## "COMMERCE IS KING"

As Mr. Lackey, the Harbor Engineer, says. Therefore

## PORT MANN

IS

## A CITY OF CERTAINTIES

The thing that stands out about Port Mann is the absolute certainty of its future. Men who made fortunes in New York, Chicago, Seattle, Vancouver were taking a gambler's chance. Men who invest in Port Mann take NO chance. You can forecast with certainty the future of Port Mann. With its fresh water harbor, and the terminus of a great transcontinental railway, backed by the vast wealth of Canada, it will soon become the Liverpool of Western Canada. Port Mann is the greatest city of opportunity, along all lines of trade and industry, on the American continent to-day.

### DON'T MISS YOUR OPPORTUNITY.

### Thrifty Children

The lesson of thrift, so necessary to the future welfare of your children, is perhaps best taught by opening for each a Savings Bank Account, and their spending money.

Though they may not accumulate very much money, they will learn its value and how to save it. We welcome Children's Savings Accounts.

### Disastrous Fire at Wainwright

Wainwright, May 21.—Wainwright had its first bad fire Sunday morning. The following buildings were totally destroyed: The Auditorium (block, owned by Free's and Smith Bros, and sold to L. Lord, company, printers and stationery; fire hall, Wainwright cafe, Small's furniture, public hall, Union bank, Blown and Son, gentlemen's furnishings, Main's pool room. All losses carried some insurance.

The following also sustained losses, principally to windows from the intense heat which prevailed: Washburn and Mills hardware store, "Mr. Bottoman"; Red Cross pharmacy, Culter's bakery.

Had it not been for the strenuous efforts of the fire brigade, aided by the citizens and G. T. P. employees the whole of the south half of second avenue would have been destroyed. Bevels company's large general store was saved.

### Prizes Worth While Winning

Great Interest Being Taken From Atlantic To Pacific In Dry-Farming Products Exposition At Lethbridge, And Its Valuable Premiums.

Great interest is being manifested from Atlantic to Pacific, and more especially through Western Canada and the states of Minnesota, Montana, North and South Dakota, Idaho and Washington, in the thousands of prize that is offered for the best bushel of hard wheat grown under dry-farming conditions in 1912 and exhibited at the International Dry-Farming Exposition at Lethbridge, October 21-26th. This premium is a large type "F" Rumely Traction Engine, of 30 h.p. and 15 tractive, and valued at \$2,500. It will be delivered free to the winner of the contest at the Rumely Company's distributing agency nearest to his farm, either in the United States or Canada.

The Rumely tractor was recently used on the demonstration farm of the Oliver Plow works at South Bend, Indiana, and was illustrated along side of a mold board plow used in the days of the American Revolution and other makes of plows, to show the development up to the present day brought about through the invention of heavy farm machinery. Thirteen of these tractors plowed 55 furrows of 11 inches or 14 feet two inches. The corners were turned and the big Oliver Gang Plows were thrown in and out of the ground with no difficulty. In the demonstration at the Pacific University last fall it was shown that one of the plows could be detached and the outfit moved forward without stopping the hitch. An acre was plowed in less than four minutes, more than 15 acres in an hour, and it is claimed that such an outfit can plow 120 acres in a day.

One of these Oliver Engine Gang Plows valued at \$500, has been donated by the Oliver Chilled Plow Works of Hamilton, Ontario, as a premium for the best bushel of oats grown in Canada in 1912 and exhibited at the Dry-Darned products Exposition. This plow, a four-furrow, will be turned over to the winner at the company's nearest general agency in Canada, free of all charges, and equipped with either breaker or stubble basis.

### Bevan-Strang

It will be interesting news for the many friends of the contracting parties to learn of the marriage of Ed Bevan of Chester, Montana and Miss Beale Strang daughter of J. P. Strang of Claresholm. On Wednesday, at the Knox Presbyterian Church, Lethbridge, at 10 a.m. the ceremony was performed in the presence of a few of the friends and the couple left for Claresholm arriving on the evening train. Mr. Bevan is well-known here having been engaged with his father in the lumber business some years ago. The bride is a graduate nurse of Wynner, B. C. was a very popular young lady having grown up among the young folks of this town. The newlyweds will after spending a few days here with friends, make their home in Chester, Montana.

MISS EDNA MARSHALL, lending lady in "The Spina Man," here Monday evening, June 26th.

## A "Too-Late" Stamp

The only "too-late" stamp ever issued appeared in Victoria, B. C. It bears the head of Queen Victoria, as do most of the stamps of the colony. The body of the stamp is in deep blue, crossed by two bands of green. The upper band bears the words, "Too late," while the lower band bears the words, "Too late." The "too late" stamp represented a tax or fee in addition to regular postage upon such letters as were received too late for the regular mail. In all large maritime cities, such mail is sent out on outgoing vessels. In any stamp period a fast sailing vessel, or, in fact, any sailing vessel, is often charged with the duty of carrying such mail. The heavy regular mail to go by vessels or otherwise on any specified day was sorted and dispatched in wagons from the post office some hours before the scheduled time of sailing. A light supplementary mail was afterwards sent by special messenger. The mail consisted of such letters as arrived after the regular mail had closed, or were of sufficient importance to warrant the sender in the payment of a "too late" fee, which in Victoria was fixed at sixpence. This supplementary mail was sent out until within a short time of the sailing hour, the time depending upon the distance between the post office and the dock of the vessel.

## Probably got off.

Aerosols of certain kind, charged of drunkenness, among the naval cadets at Annapolis, Admiral Dwyer, as a member of the Washington, told a story about a young sailor. "The sailor, after a night of revelry," he said, "went ashore in the tropics, and he found a lot of him, he drank, in certain tropical bars, too much over. As the sailor lurched under his heavy load along a crowded sidewalk, his captain hailed him indignantly."

"Look here," the captain said, "suppose you were my commander, and you met me in such a condition as you're in now, what would you do to me?"

"Well, sir," said the sailor, "I wouldn't consider to take no notice of you at all, sir."

## Once More

The miner dropped his pick and started with bounding eyes at the yellow mass, a stripe of the red pigment just laid bare. For a minute he was dumb. Then, the man came into him to give forth a mighty shout.

"What's that?" he cried heartily.

"Gold!" yelled the other. "Pure gold!"

"That gold?" exclaimed his partner, "that gold?"

"That gold?" exclaimed his partner, "that gold?"

## WHAT TO DO RIGHT NOW

Practical Suggestions by W. J. Glass, Macleod, Alberta

(Written especially for the International Farming Congress Bulletin, "Dry-Farming")

In answer to your inquiry as to what to do on the farm this year, I will say now is the time to get busy and work, get your seed into the ground, especially wheat, so that it will be matured before the frost.

We should have done our letter writing and studying during the winter months. Nevertheless, I will give a few hints as to how I work my land and prepare a seed bed and preserve the moisture, and also my opinions as regards the best periods to sow different cereals.

We all know that practically no fall plowing was done last year, therefore our land has either to be plowed this spring, just after the frost, or on account of such a short time and so much work to be done, and plowing taking longer than, during the winter months, it is necessary to plow or will discing do."

## Plow Every Year

I am a firm believer in plowing every year, except on new land which has only had one crop taken from it and is not well rotted. Land in this condition and clear (free from weeds) can be drilled a couple of times and will yield fairly good results, although, as a rule, one does not get as large a yield.

Immediately after plowing use the power, the same day if possible, the power after plowing the better. This is to keep the land from drying out. If you have a power, use it. If you haven't a power, use a disc. A disc is a simple machine by which you can break up the soil, and it is a good plan to use it, either the second day after the first, and so on until you get the required size.

If you find your soil is not heavy enough, you can wait until the next spring—April 1st, for instance—and then plow. I have seen many farmers have stones on their land, well, old iron or anything with weight will do.

## Methods of Cultivation

Now, as to the cultivation needed after plowing or discing before drilling, it depends on condition of the soil. If very heavy, disc it, or the harrow will do. It should be cultivated in a way that will not break up the soil's surface. It should be cultivated in a way that will not break up the soil's surface.

I would not in any case advise using any implements after seeding that break up the surface of the soil.

As to the wind, it is a matter of course, as the wind is likely to blow the seed into the furrows.

As to the time of sowing, I believe from April 1st until the end of the first week in May is the best time to sow. After that date I would not sow, or barley until the end of May. Land I had not needed by that time, I would winter fallow.

As to the time of sowing, I believe from April 1st until the end of the first week in May is the best time to sow. After that date I would not sow, or barley until the end of May. Land I had not needed by that time, I would winter fallow.

## Summer Fallowing

Just a word about summer fallow. Do not grow your summer fallow in late June, but in June. By leaving the soil bare, they take plant food and moisture from the soil.

Use a scythe and treat your grain for the summer fallow. At the rate of one pound to 25 gallons of water. I have never had any more, but I treat as a prevention. If your soil is sandy, make your own.

Another thing I follow is to sow 1 1/2 bushels of grain in a row, and sprinkle with ordinary garden fertilizer. After the seedling over the grain, stir the soil with a fork, and so on.

As to the time of sowing, I believe from April 1st until the end of the first week in May is the best time to sow. After that date I would not sow, or barley until the end of May. Land I had not needed by that time, I would winter fallow.

As to the time of sowing, I believe from April 1st until the end of the first week in May is the best time to sow. After that date I would not sow, or barley until the end of May. Land I had not needed by that time, I would winter fallow.

## The Only Chance

"I think, dear, I'll make my will," said the old man. "I don't want to leave anything to my wife. I know, but I seem to be the only way in which I can leave my property to my children."

"I don't want to leave anything to my wife. I know, but I seem to be the only way in which I can leave my property to my children."

## LESS TIME IN THE KITCHEN

## MORE TIME IN THE FRONT ROOM

That's your reward if you let MOONEY'S BISCUITS take the place of the bread and biscuits you bake yourself.

You'll find MOONEY'S a delightful substitute for your own best efforts—the family will like them. Because

## MOONEY'S PERFECTION SODA BISCUITS

come to you straight from the oven in the big Winnipeg factory.

They have that freshness and crispness only to be found in a newly made biscuit. No other biscuit can come to your table as fresh from the oven as MOONEY'S.

Get the big package or the sealed tin—both of them damp proof, dust proof, dirt proof—and

"LET MOONEY DO IT"

Not only this but these as well

DON'T think that concrete can be used only for building bridges, sidewalks and walks; because if you do, you will probably overlook all the places where you can use it.

T. L. Irving, of North Georgetown, Quebec, used concrete for 81 different purposes on his farm in 1911.

There are probably at least a dozen profitable uses for concrete on your farm at the present moment.

Perhaps you haven't thought of concrete, except for a new barn, or a silo, or some other big improvement for which you aren't quite ready yet. That's why you should read

"What The Farmer Can Do With Concrete"

It will open your eyes to the hundreds of uses that other farmers have found for the material. In plain language, and with the aid of many photographs, it explains just what concrete can do, and how they can be applied to your farm. It is also stated that particulars with regard to the new Keston station will be made public in the near future. A subscription on the north side of the city will soon be a necessity but no decision as to location has been reached as yet.

Wife—My husband is not well, I'm afraid he'll give out. Wife's Mother—Well he may give out, but he certainly never gives in—Town Topics.

"Georges, I'm very much worried. The landlord says he is going to raise the rent." Is he? Then why do you want me to try trying to do it?"—Baltimore American.

WOMEN TAKE NOTICE!

A man cannot understand the torture and suffering many women endure unnecessarily. If the majority of men suffered as much pain and endured with patience the weakening sicknesses that most women do, they would ask for immediate sympathy and look for a quick cure.

Many women have been saved from a life of misery and suffering by turning to the right remedy—Dr. Pierce's Favorite Prescription—a remedy which is safe to take because containing no narcotics, alcohol or irritating ingredients. It is a valuable extract of roots, made with pure glycerine, and first given by the public health reformer, Dr. J. C. Pierce, of the famous Dr. Pierce's Medical Institute, of Buffalo, N. Y.

Mrs. LIZZIE M. HENDERSON, of Lincoln, Neb., 228 W. 38th St., says: "I have been suffering from a life of misery and suffering by turning to the right remedy—Dr. Pierce's Favorite Prescription—a remedy which is safe to take because containing no narcotics, alcohol or irritating ingredients. # GENERAL ENQUIRY INTO WESTERN FREIGHT RATES THIS MONTH

Next Session of Railway Board to be Held on June 18th  
When a General Investigation of Freight Rates in the West Will Take Place.

Ottawa.—The next session of the Railway Board to be held on June 18th will be a big day for the west. On that day the general inquiry into freight rates west of Fort Arthur will be proceeded with as well as the rehearing of the Red River case.

In both instances joint facta cases have been established against the railways and it will be up to them to indicate what line they are going to take by way of defence.

Both cases involve the serious charge of discrimination. In the general freight tariff inquiry the allegation is that there is discrimination against Western Canada and in favor of the east. In the Red River case the allegation is that the railways unjustly discriminate against the Red River valley.

The postponement of the general inquiry by the railway board when it met on Monday was due to the illness of R. Healy, the chief counsel of the P.R.R., who is in an hospital and will go south, and to the fact that other counsel for the railways said that they had not yet had an opportunity to fully acquaint themselves with the intricate question of rates involved.

The Red River case proceeded with at some length by M. K. Cowan, K.C., counsel for the P.R.R., and J. H. Trade, who submitted figures to show that the order of the board issued some months ago had not been complied with by the railways, and that serious discrimination was being practiced.

He examined one witness, Mr. Smith, of the Royal Canadian Mounted Police, who maintained that the railways had the right of the rate situation.

He then called Mr. J. H. Trade, who submitted figures to show that the order of the board issued some months ago had not been complied with by the railways, and that serious discrimination was being practiced.

Provisional arrangements, added Mr. Smith, had been made with the Montreal Company and the Canadian Pacific to handle the traffic through the British Columbia railway which each other at a distance of 2000 miles.

Some of them get no grant. Two thousand French Veterans receive \$100.—Ottawa, June 15.—Two thousand French Veterans who took part in the defence of Canada against the American invasion of 1812 will shortly be in possession of the \$100 grant authorized by the government on the recommendation of the Hon. Sir John A. Macdonald.

The application of the grant was transferred to the department of the Interior and the department of the Interior. There are still 15,000 applications to be considered by the department.

It is expected that several thousand people who have been disappointed in the grant will be disappointed.

PREFERENTIAL TRADE  
Hon. Geo. Foster Delivers an Important Address Before Montreal Board of Trade.

Montreal.—Hon. George Foster delivered an important address to the Montreal board of trade on June 15th. He outlined the policy of the government with regard to the securing of preferential trade with West India.

He stated that the government was prepared to do all possible to aid good commerce and to secure the best possible results for the people of the Dominion.

He stated that the government was prepared to do all possible to aid good commerce and to secure the best possible results for the people of the Dominion.

## PENALTY WAS SEVERE

ILLEGITIMATE SUFFRAGISTS SUSTAIN BLOW IN HISTORY

Quebec.—Leaders are found guilty on a charge of conspiracy and sentenced to Malicious Damage, and are sentenced to Nine Months imprisonment.

London.—Mrs. E. Parkhurst, militant suffragist leader, and Mr. A. J. P. Taylor, militant suffragist, were found guilty on a charge of conspiracy and sentenced to Malicious Damage, and are sentenced to Nine Months imprisonment.

The jury in handing down its verdict of guilty accompanied it with a recommendation that leniency be shown to the prisoners, and Judge Colclough, in determining judgment, took into consideration the fact that the prisoners were found guilty on a charge of conspiracy and sentenced to Malicious Damage, and are sentenced to Nine Months imprisonment.

The jury in handing down its verdict of guilty accompanied it with a recommendation that leniency be shown to the prisoners, and Judge Colclough, in determining judgment, took into consideration the fact that the prisoners were found guilty on a charge of conspiracy and sentenced to Malicious Damage, and are sentenced to Nine Months imprisonment.

## NOTICE TO CREDITORS

In the matter of the estate of Walter George Norman Johnston, deceased.

NOTICE is hereby given that the above named insolvent, Walter George Norman Johnston of Claresholm in the Province of Alberta, Douglass, has made an assignment of his estate and efforts to Norman Holmes of Claresholm, attorney for the general benefit of his creditors, under the provisions of The Assignment Act, being Chapter 6 of the Statutes of Alberta, 1907.

The creditors are notified to meet at the office of H. O. Huston of Claresholm at 10 o'clock in the afternoon on the 24th day of May 1912 for the purpose of receiving a statement of the affairs of the said insolvent, for the appointment of inspectors, and the giving of directions with reference to the disposal of the estate.

Every creditor or person claiming to be entitled to rank on the estate assigned is required to deliver or send postpaid to the said Norman Holmes at Claresholm (insolvent) or before the 10th day of June, 1912, particulars of the claim verified by affidavit and such vouchers as the creditor thinks fit, and stating whether he claims any security for his claim or not, and if so, stating the specified value of such security in any case, in accordance with the said act.

And notice is further given that after the said 10th day of June, 1912, the said Norman Holmes will proceed to distribute the estate of the said insolvent under the said Act, having regard to the claims of which he shall have notice at such time of the distribution.

Dated at Claresholm this 10th day of May, 1912.

Norman Holmes, Assignee.  
H. O. Huston, Solicitor for the Assignee.

## A Strictly Cash Business

IT COSTS MONEY to buy the best meat for our families. Large meat markets are not honest. We are carrying too much on our backs. We want to give the public the best quality of meat that our LAMB CAN EXPERIENCE in the business market as to cost. We must have the credit to come to serve the public this. We announce that our business from now on will be:

STRICTLY CASH BUSINESS
